WORK EXPERIENCE

Salesforce Summer Intern

📍 Bengaluru May 2023 - July 2023

- I have integrated a cache management service into a SOQL (Salesforce Object Query Language) database, and this significantly improved our query performance and observed response times that were 10-30% faster, depending on the specific use case. This resulted in complex and resource-intensive queries benefiting greatly as cached data reduced the need to recompute results.

ACHIEVEMENTS

- Secured a Global Rank of **4** in CodeChef Starters 27 Division 3
- **Ranger Rank** in Salesforce Trailhead
- Secured Global Rank **49** CodeChef Starters 28 Division 2
- Secured Global Rank **612** CodeForces 866 Division 2
- Secured a Global Rank of **744** in Google KickStart Round C 2022
- Secured a rank of **314** in LeetCode Weekly Contest **313**

CODING PROFILES

- Codechef (tabish13) - 6 star (2226)
